

ECTMIH 2025 Organised Session Submission Form

The European Congress for Tropical Medicine and International Health (ECTMIH) 2025 organising committee invites organisations from academia, government, non-profit organisations, young scientists, and the commercial sector to propose organised sessions for inclusion in the congress program. Companies sponsoring a symposium are required to take at least an exhibition booth. (For more information, please contact the Congress Office.)

Proposals must align with the theme of ECTMIH 2025, "**Better health for all in a changing world.**" and should meet one of our tracks:

1.Interfaces: Immunology and Interaction, **2.Emerging Infections:** Pandemics and Control, **3.Tropical Medicine:** Diseases and Care, **4.One Health:** Approaches and Solutions, **5.International Health:** Travel and Migration, **6. Vulnerable Populations:** Poverty and Neglect, **7.Non-infectious Diseases:** Challenges and Society. To display the interdisciplinarity of a "Better Health for all" our congress will emphasize on **4 cross-cutting topics** throughout the tracks: Climate and environmental changes, Equality/Equity, Behavioural Research and Implementation, Digital Innovations. Proposals meeting one of our crosscutting topics therefore are also more than welcome.
